

The Kennedy Elementary School Picture Retake Day is Friday, October 12th.

If you wish to have your student's picture retaken please follow the instructions below.

1. If you ordered pictures originally, send that original photograph package with your child on the day of the retake so the photographer knows that a retake is needed.
2. Write on the photograph package envelope what you did not like about the original photograph. For example: this is not his/her typical smile, his/her hair was messy, etc.
3. If your student comes to the photographer without the original photograph package: the photographer will not know that a retake is needed and, erring on the safe side, will send your student back to class without a retake. Taking a new photograph will replace an original photograph.
4. If your child does not have the original photograph package but they have a note from a parent requesting a retake: the photographer will still do the retake, however you will not receive the new photograph package until the original package is returned to VIP Photography.

If you have any questions or concerns about the picture retake process, please contact the Kennedy front office.

Thank you!
